On one level, pedagogy consists of the observable methods and interactions that take place in classrooms. People are born into groups—families, clans, subcastes, castes, and religious communities—and feel a deep sense of inseparability from these groups. ComparativePoliticalStudies,41 In universities, departments of educational psychology are usually housed within faculties of education, possibly accounting for the

lack of representation of educational psychology content in introductory psychology textbooks. If Jones fully believes that p can she also be open-minded about it?
