At the end of last month, you had a Rough Cut. There it is! VideoEditingComputers. Notwiththatattitudeitwon't! The goal here is to appear reasonable and sane. If you're shooting with a DSLR, putting your camera on a shoulder mount can add a nice professional touch. Be proud! Then shop the film around to the aggregators and see which company might work hardest for you, which might cut you a deal on their up-front costs, and which company might be most enthusiastic about pitching your film to services especially Netflix.
