In economic theory, if factors of production are fully mobile, the costs of all factors of production that could move across borders would result in equal costs in all trading countries. Laura C. The installation of a regional body for banking supervision may not end the need for national banking supervision immediately. JanineSchildt.European regionalism differs greatly in its institutional form from other experiences in North America, Latin American, Africa, and Asia. Embodied within it are all the past revolutions of history and all supreme human desires.
