Community resilience to sectarian violence in Baghdad The recent conflict in Iraq evolved from an insurgency against the interim U. PAGE 1. We need to move away from the security paradigm and use interfaith dialogue and other mechanisms to achieve peace. Whatdotheythinkarethebestwaysforachievingpeace? Objectives of this Session are: . The disabled and women had a poorer mental health status, and there was a significant relationship between the mental health status and traumatic events. The goals of this session are: Build relationships across generations through honest and open dialogue Share practical tools to implement more effective cross-generational relationship Inspire the community to tackle intergenerational conflict going forward by increasing the understanding of the challenges faced in different communities.

ApologyandForgiveness.This volume addresses this new security-development nexus and investigates internal institutional logics, as well as the operation of policy, its dangers, resistances and complicity with other local and national social processes. Post-Ottoman Coexistence interrogates ways of living together and asks what practices enabled centuries of cooperation and sharing, as well as how and when such sharing was disrupted.
